

Mathis Zerbib

Mobile Developer

I'm proficient developer with over four years of experience in Flutter, React, and Node.js. Enthusiastic about tackling challenges and enhancing performance. Proficient in project management and collaborating with cross-functional teams.

Work Experience

JOB ME

Lead Web Developer

2022 - 2024

We developed a NodeJs and Flutter app for job seekers to create an account, upload resume and photo, search, apply, and save jobs. Streamlined job search.

DCUBE

FullStack Dev (ESN)

2020 - 2021

- **Jarvis** : Integration of invoice module using C# and Razor pages.
- **SFRD** : We developed an internal solution to provide Android/Windows authentication.
- **Globecast** I replaced a senior .NET/Angular. Rebranded Angular back-office app streaming solution. Rapidly learned .NET to complement existing Angular expertise. Delivered high-quality work praised by client.

ZYNEAS

FullStack Developer

2019 - 2020

We developed static and dynamic Wordpress/PHP websites for clients. Created a web application for the HR and banking sector as part of Agenixo team.

Hobbies

Skateboard **11 years**

Mao production DJ set **10 years**

Climbing **5 years**
